

Environmental, Safety and Health Policy

Aurora Technologies, Inc. is committed to conducting and promoting a safe workplace in an environmentally responsible manner in order to protect human health, natural resources and the environment in compliance with safety and occupational health laws and regulations.

Safety and sound environmental practices are tightly integrated into our daily decisions and activities.

We maintain an effective environmental, safety and health management system. We promote the use of safe operating practices and remain ready to respond in the unlikely event of an emergency.

We recycle all materials possible and we dispose of any non-recyclables in a safe and environmentally responsible manner.

We conduct periodic evaluations to ensure a safe and healthy workplace in accordance with Safety and Health Standards.

Aurora Technologies, Inc. will investigate and evaluate new technologies and practices and implement them as part of our policies as warranted.
